# View Link History

---

## **Step 1:**

Integrate the Appvibe Adobe Photoshop Integration app with your Jira account to start tracking Adobe Photoshop link modifications within Jira issues.

## **Step 2:**

Every change made to an Adobe Photoshop link in any Jira issue is automatically tracked and stored. This history is maintained at both the link level and the Jira issue level, allowing for easy reference and review at any time.

# Link Permissions

---

## Step 1:

Go to the Appvibe Adobe Photoshop Integration configuration page, or click permission from within the link settings in a Jira issue.

## Step 2:

Select the desired permissions for each user:

- **Viewer:** Users with view permission can see the link in the Jira issue.
- **Editor:** Users with edit permission can add, edit, or remove links in the Jira issue.
- **Admin:** Users with admin permission can manage link permissions for other users.
