FAQ

What is the object and purpose of this app?

The purpose of the app is to manage IT assets such as hardware, software licenses, and peripherals within Jira projects.

What types of feedback can the app track?

The app supports tracking Assets, Asset Type, Serial Number, Location, Assigned User, Purchase Date, and Warranty Status. Additionally, you can add custom fields to track other related data as needed.

How do I install the app?

You can install the app from the Atlassian Marketplace. Navigate to the Apps section in Jira, search for Asset Tracker, click Install, and follow the prompts.

How do I get support for the app?

Support is available via our support page at <https://appvibe.com/support>.
