

Getting Started

- [Installation](#)

Installation

Asset Tracker is a Jira app designed to streamline asset management within your projects. Follow these steps to install and enable Asset Tracker via the Atlassian Marketplace.

Step 1:

Log in to Jira with Admin privileges to ensure you can perform installation and configuration tasks.

Step 2:

Open the Atlassian Marketplace by clicking on Apps in the top menu, then select Explore more apps.

Step 3:

Use the search bar in the Marketplace to find Appvibe Asset Tracker.

Step 4:

Install the App by selecting Get app or Try it free. Confirm the installation and grant the required permissions when prompted.

Step 5:

Once installed, navigate to Manage Apps in the Admin section to verify that Asset Tracker is enabled.

After successful installation, a link to Asset Tracker will appear under the Apps section in the menu on the left side of your Jira screen, providing quick access to its features.
