Installation

Asset Tracker is a powerful Jira app designed to efficiently manage and track your organization's assets directly within Jira. Follow these steps to install and access the app:

Step 1:

Log in to your Jira account. Ensure you are logged in with Admin privileges to perform the installation process.

Step 2:

Open the Atlassian Marketplace. In Jira, click on Apps → Explore more apps to access the Marketplace.

Step 3:

Search for **Appvibe Asset Tracker**. Use the search bar to locate the app.

Step 4:

Install the App. Click Get app or Try it free. Confirm the installation and grant the required permissions.

Step 5:

Once installed, navigate to Manage Apps in the Admin section to verify that Asset Tracker is enabled.

At this point, you can find a link to Asset Tracker under the Apps section in the menu on the left side of the screen.

By integrating Asset Tracker into Jira, you streamline asset management directly within your project workflows, enhancing efficiency and oversight.
