- Key Features

# Key Features

## 1. List Saved Canva Links

- View all Canva links associated with a Jira issue in a clean, organized list.

## 2. Add or Edit Links Inline

- Use an **inline form** to quickly add or update links without leaving the issue page.

## 3. Remove Links with a Confirmation Popup

- Remove links easily with a **popup confirmation** to prevent accidental deletions.

## 4. View Canva Designs Embedded in Jira

- Click on a link to **embed the Canva design** directly inside the Jira issue using an **iframe**.
