Overview of Features

- Key Features

Key Features

1. **List Saved Canva Links**
   - View all Canva links associated with a Jira issue in a clean, organized list.
2. **Add** or **Edit** **Links Inline**
   - Use an **inline form** to quickly add or update links without leaving the issue page.
3. **Remove** **Links with a Confirmation Popup**
   - Remove links easily with a **popup confirmation** to prevent accidental deletions.
4. **View** **Canva Designs Embedded in Jira**
   - Click on a link to **embed the Canva design** directly inside the Jira issue using an **iframe**.
