

Key Features

1. **List Saved Canva Links**

- View all Canva links associated with a Jira issue in a clean, organized list.

2. **Add or Edit Links Inline**

- Use an **inline form** to quickly add or update links without leaving the issue page.

3. **Remove Links with a Confirmation Popup**

- Remove links easily with a **popup confirmation** to prevent accidental deletions.

4. **View Canva Designs Embedded in Jira**

- Click on a link to **embed the Canva design** directly inside the Jira issue using an **iframe**.
