# Adding a Canva design in board view

To add a Canva design in board view, click on the plus icon, then select “Apps”.

Here, find the Canva integration and click “Open in board”.

Then, you need to copy and paste the link of your Canva design. It is important to get the link in the right format. To do this, navigate to your Canva design, then go to Share > More > Embed > Smart embed link. Click on "Copy".

Paste the link to the app's field, then click on "Save".

## Canva Designs

Welcome to Canva Designs by **App Vibe**. You can start using the app with a few easy steps:

## FAQ

### **I’m getting an error after adding adding the Canva link what should I do?**

If you are getting an error after embedding the Canva link, it is possible that you copied the URL in the wrong format. Please navigate to Share > More > Embed > Smart embed link, and copy that link.

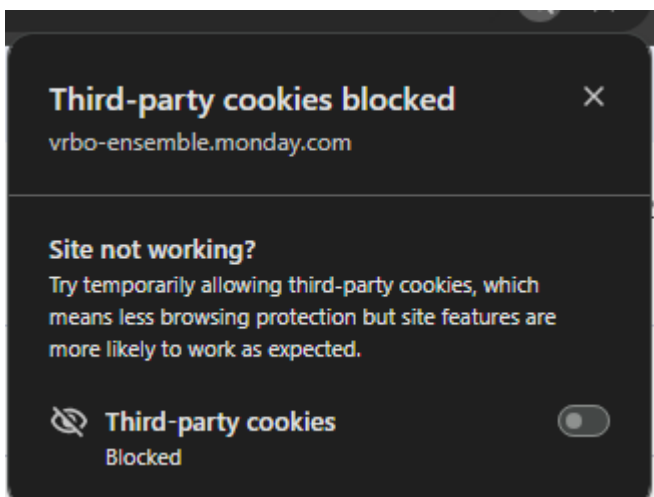

## When I try adding a Canva design, nothing happens. What should I do?

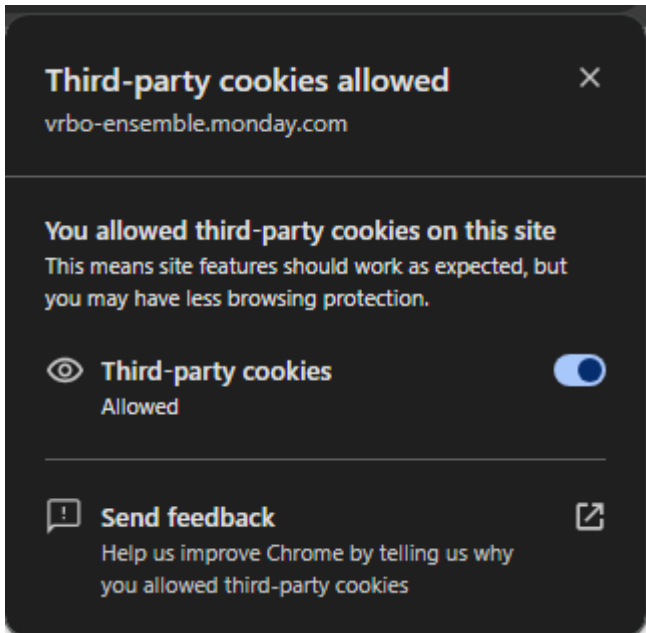

If you click the Add button, and nothing happens, please make sure you have enabled third-party cookies in your browser. Next to the URL, click on the eye icon:

If third-party cookies are blocked, it would look like this:

Please make sure to toggle the third-party cookies setting to "enabled" then refresh the page and try again.

Please note that in other browsers you might find this setting in a different place.
