

Figma Integration for monday.com

Figma Integration for monday.com user guide

Introduction

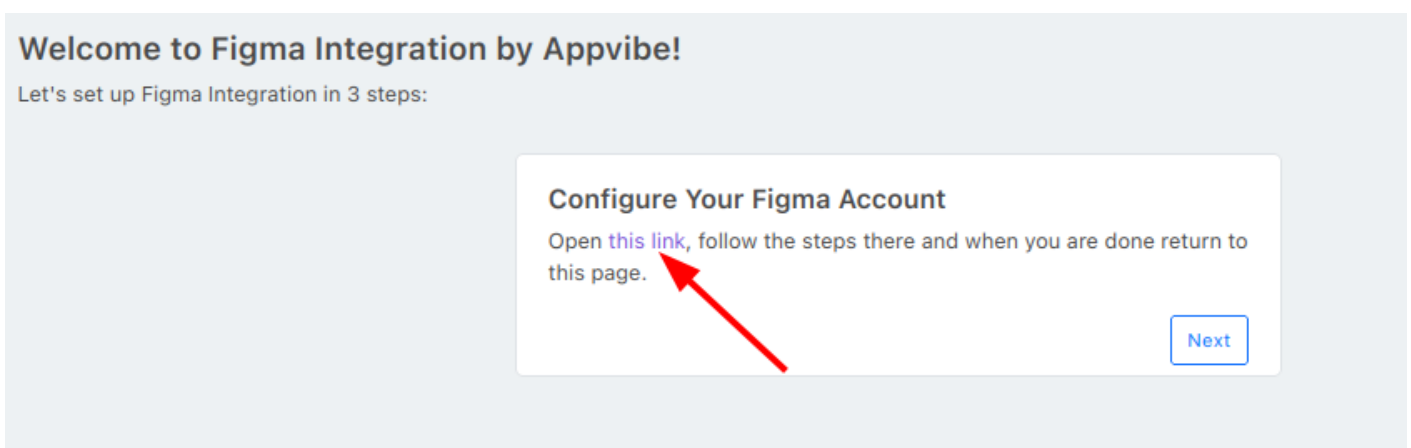

With this Figma - monday.com integration you will be able to see the live updates of your Figma projects inside monday.com.

Check all the options for this plugin below.

Getting Started

Once you installed the app, you will need to complete 3 easy steps to configure it.

1. First, follow the link on the first card.

2. This will take you to your Figma account. Allow access to the application, then return to the previous page.

Figma Integration by Appvibe
would like to access your
account and be able to:

- ✓ Read files you have access to
- ✓ Read and modify comments for files you have access to
- ✓ Read projects you have access to
- ✓ Read components and styles you have access to
- ✓ Read your name, email, and profile image
- ✓ View a list of your recent files

Allow access

3. After you allowed access to your Figma account, click "Next". Review the instructions, click next again, and then click "Done".

Welcome to Figma Integration by Appvibe!

Let's set up Figma Integration in 3 steps:
