

# Google Calendar Integration for monday.com

## Google Calendar Integration for monday.com

The purpose of this Google Calendar integration is to connect Google Calendar to your monday.com workspace. After installing the app, you will be able to add Google Calendars to either your board view or to individual items.

## Installing the app

You can install the app with just a few clicks. After following the installation link, choose which workspaces you want to add the app. Review the permissions, then click “Install.”

## Install Google Calendar by App Vibe

**Note:** this app will be available to all users in your account

☒ All Workspaces

This app will be available to all current and future workspaces.

☐ Specific Workspaces

Select at least one workspace, the app will be limited by this selection.

+ Add Workspace

On monday.com, Google Calendar by App Vibe will be able to:

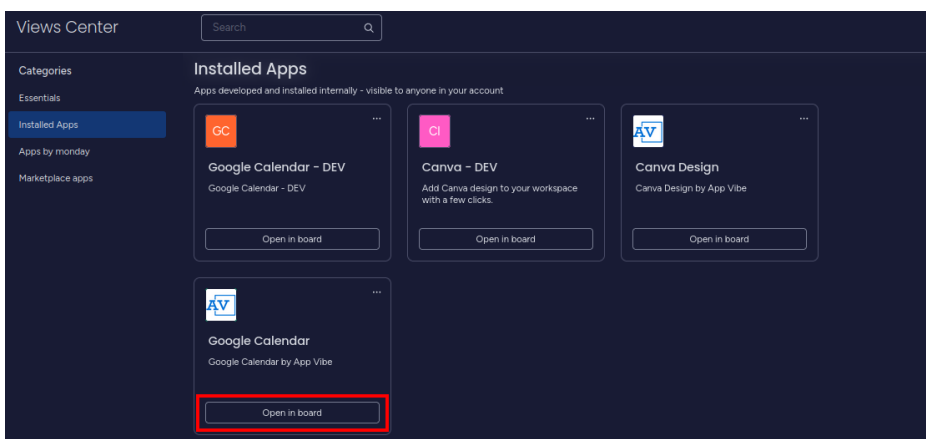

This app does not require any permissions

# Adding a Google Calendar in board view

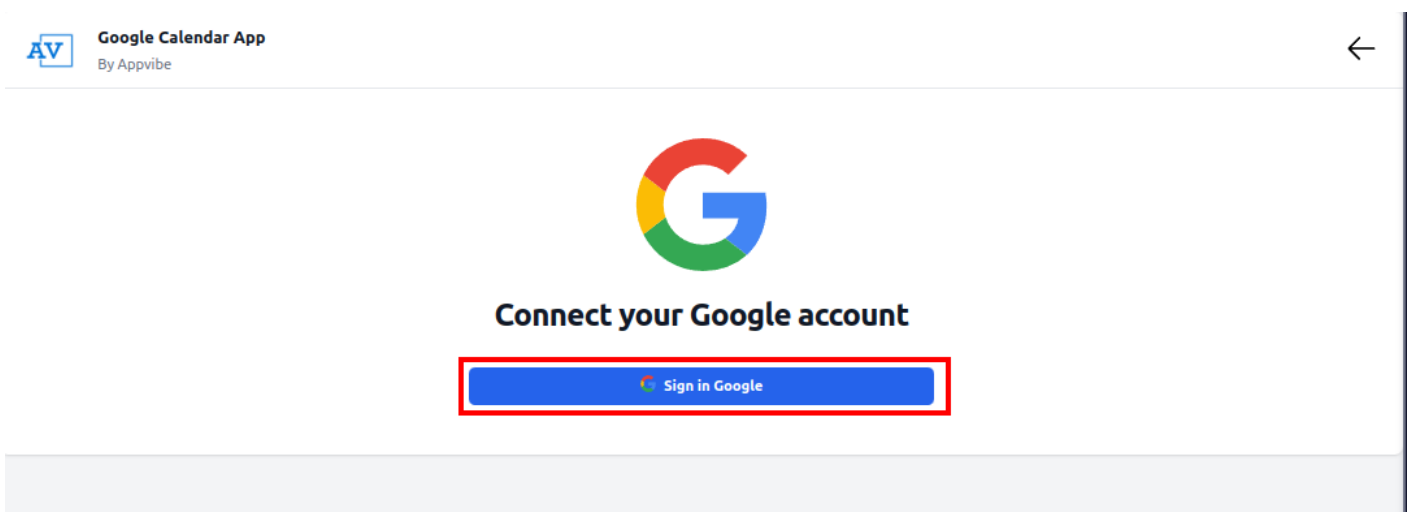

To add a Google Calendar in board view, click on the plus icon, then select “Apps”.

Here, find the Google Calendar integration and click “Open in board”.

Then you need to sign in to your Google account. Click on the sign-in button and follow the instructions on the screen.

After this, select the Calendar from the dropdown that you wish to add, then click "Save".

## Google Calendar

please select one of your **Calendars**

### Calendars

Please select a Calendar

Save

Please note, that the Calendar either has to be set to public, or your Google account has to have access to it. To access these settings go to your Google Calendars, open Settings, select the Calendar and then click on "Access permissions for events". Double-check the settings before selecting the calendar in the app.

### Access permissions for events

☐ Make available to public

See all event details

# Adding a Google Calendar to individual items

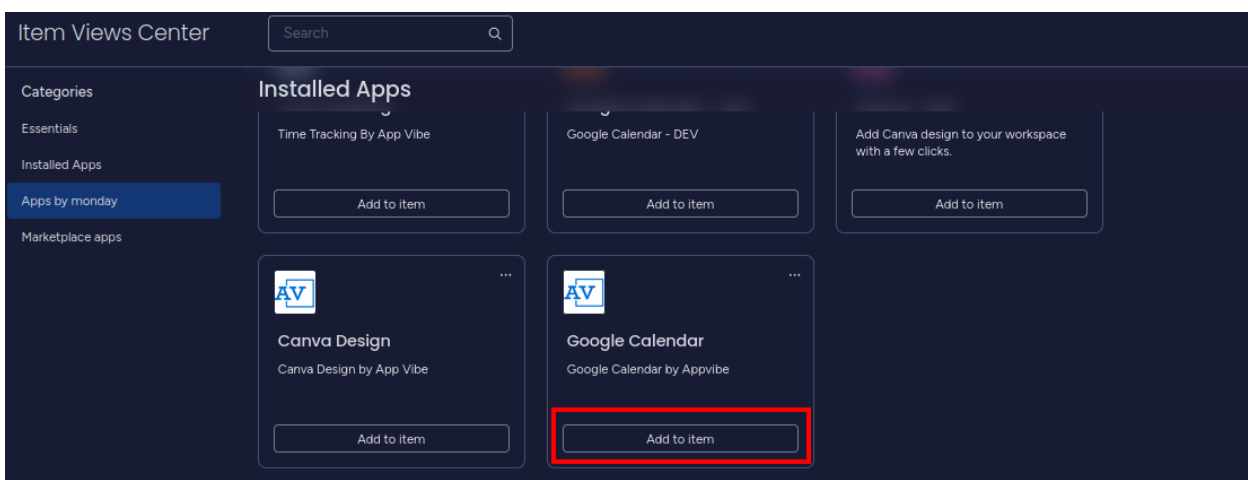

To add a Google Calendar to an item, find that work item on your table. Then hover over it and click on “Open”.

After this, click on the plus icon in the corner to add a new view.

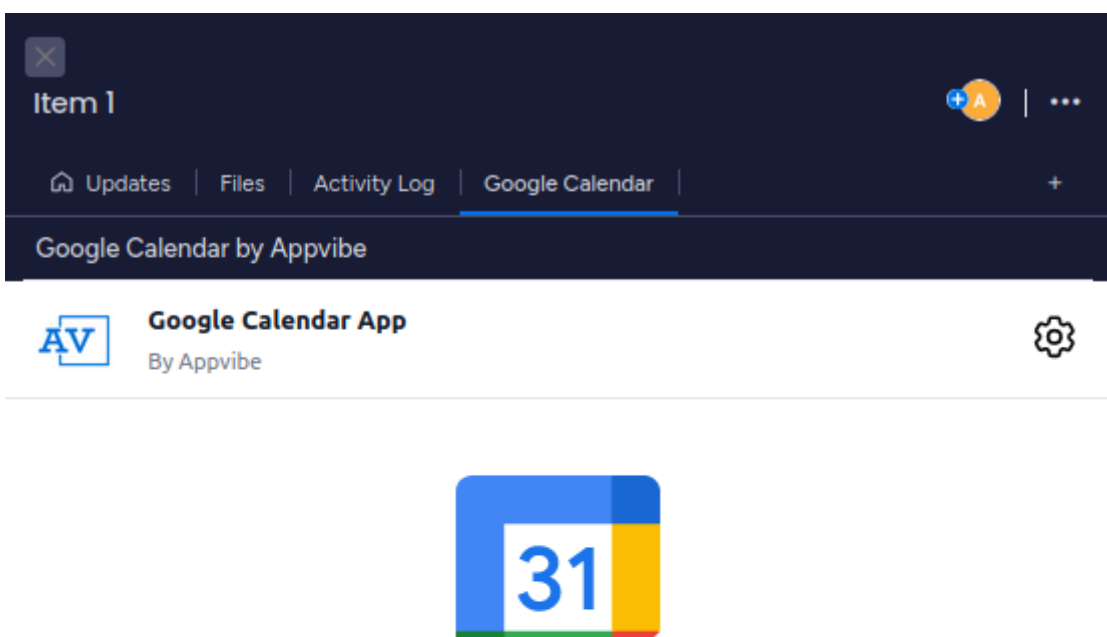

Finally, find Google Calendar integration and click “Add to item”.

After this, click on the button to sign in to your Google account.

Finally, select the Calendar you want to add from the dropdown

If you need any help with our app, or if you have any suggestions for us to make it better, please get in touch with our [support team](#). We will be more than happy to help.

## FAQ

### I'm getting a warning while logging in to my Google account, what should I do?

You might face a warning while trying to log into your Google account. Please note that this is temporary, only until Google verifies the app. To proceed, click on 'Advanced'.

### Google hasn't verified this app

The app is requesting access to sensitive info in your Google Account. Until the developer ([app-integration@appvibe.com](mailto:app-integration@appvibe.com)) verifies this app with Google, you shouldn't use it.
