Google Forms Integration for monday.com

Google Forms Integration for monday.com

The purpose of this Google Forms integration is to connect Google Forms to your monday.com workspace. After installing the app, you will be able to add Google Forms to either your board view or to individual items.

Installing the app

You can install the app with just a few clicks. After following the installation link, choose which workspaces you want to add the app. Review the permissions, then click "Install."

Adding a Google Forms in board view

To add a Google Form in board view, click on the plus icon, then select "Apps".
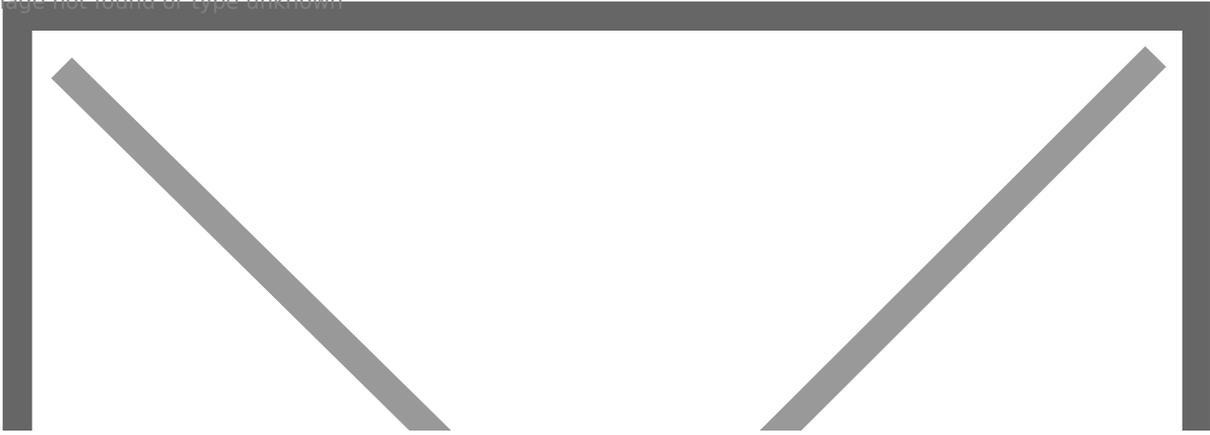

Here, find the Google Forms integration and click "Open in board".
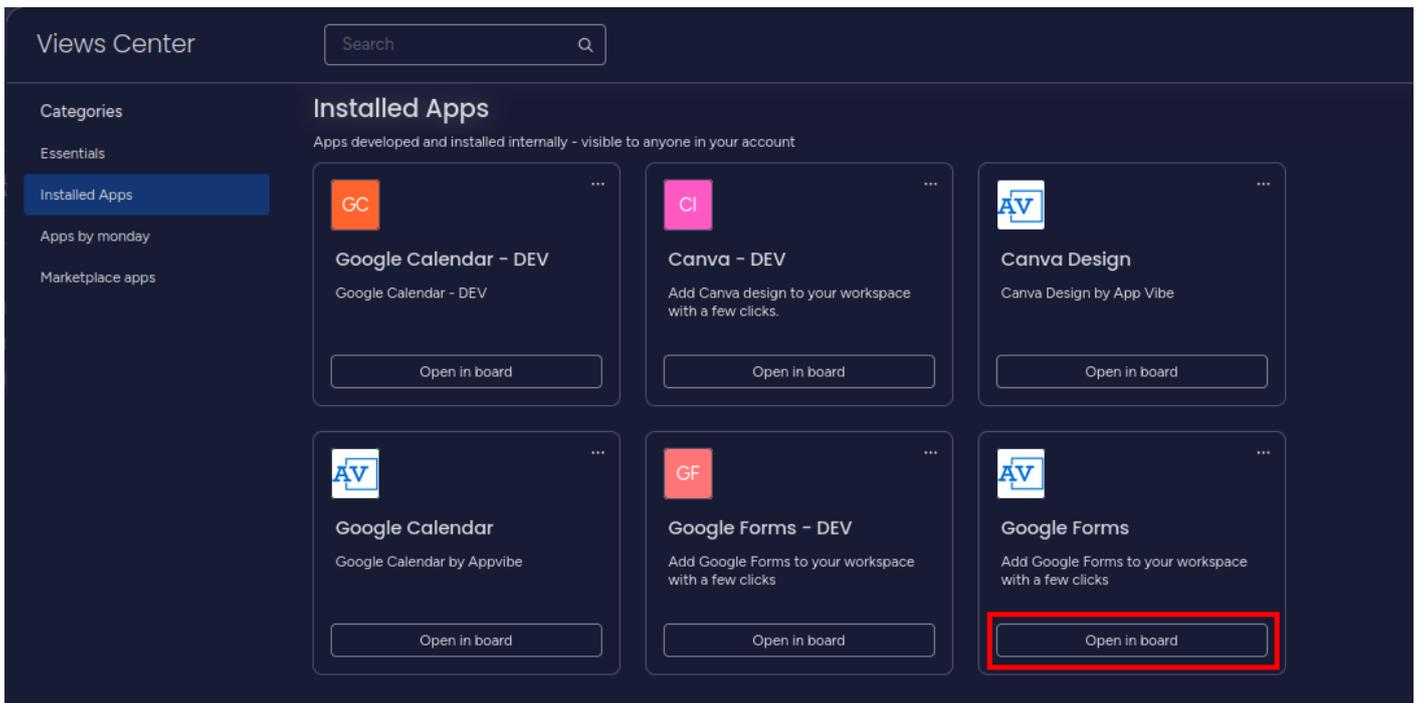

Now you can enter your Google Forms link into the field and click "Save".

Google Forms

Welcome to Google Forms by **Appvibe**. You can start using the app with a few easy steps:

✓ Get the link of your Google Form. To do this click "Send" button, then go the link tab and Copy link
   Tip: Make sure you are not selecting a "Shorten link" checkbox.

✓ Paste the link into the field below.

✓ Click on Save.

Link

Save

To get the link in the correct format, navigate to your Google Form and click "Send" in the top right corner:

Customize Theme

Click on the "Link" tab, and copy the link from there. Make sure the "Shorten URL" option is not checked.

Send form   ✕

☐ Shorten URL

   Cancel   Copy
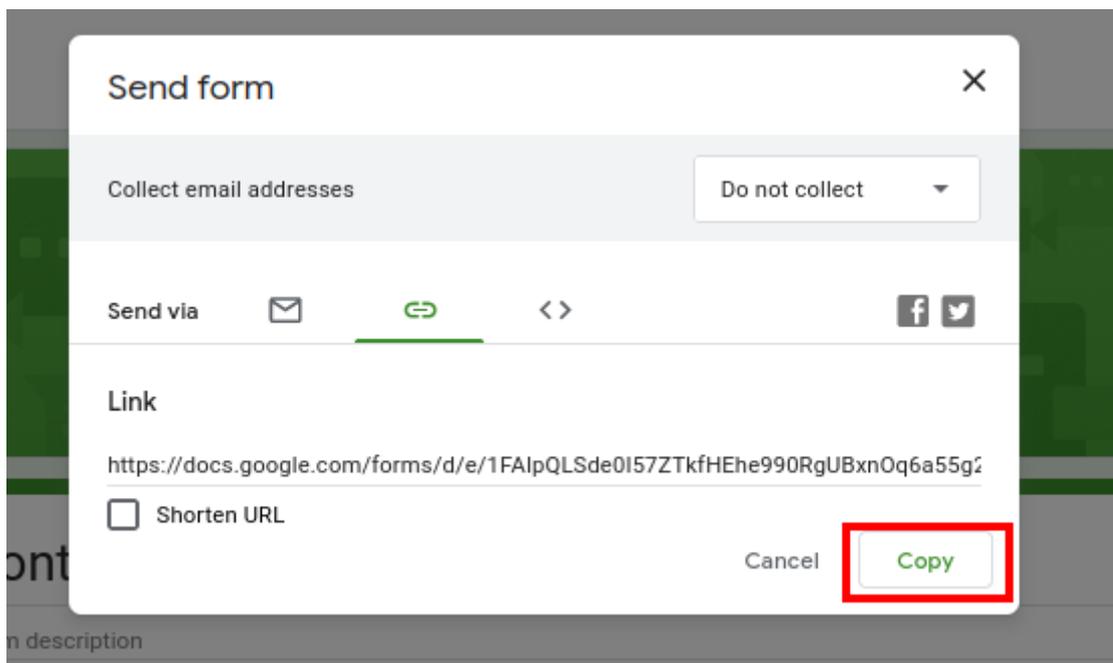

Adding a Google Form to individual items

To add a Google Form to an item, find that work item on your table. Then hover over it and click on "Open".

Image not found or type unknown
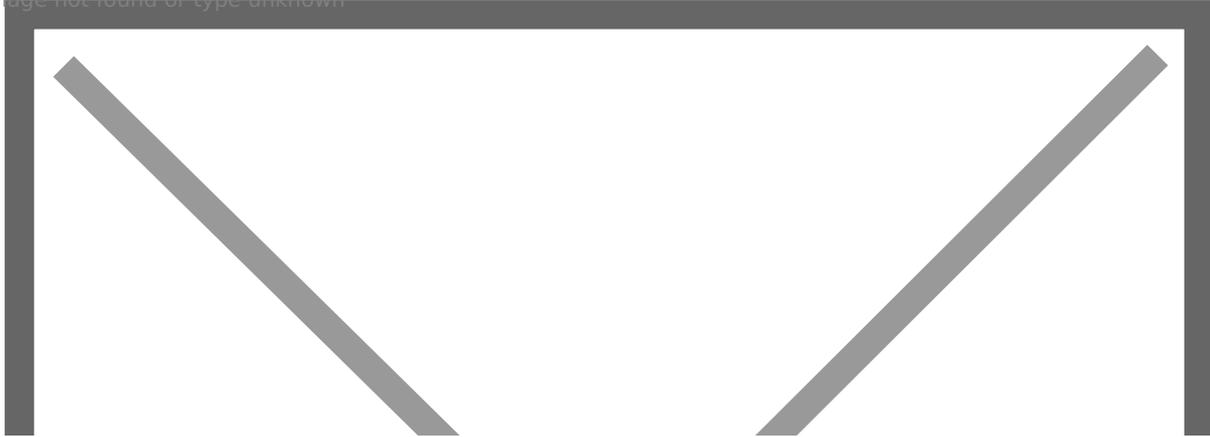

After this, click on the plus icon in the corner to add a new view.
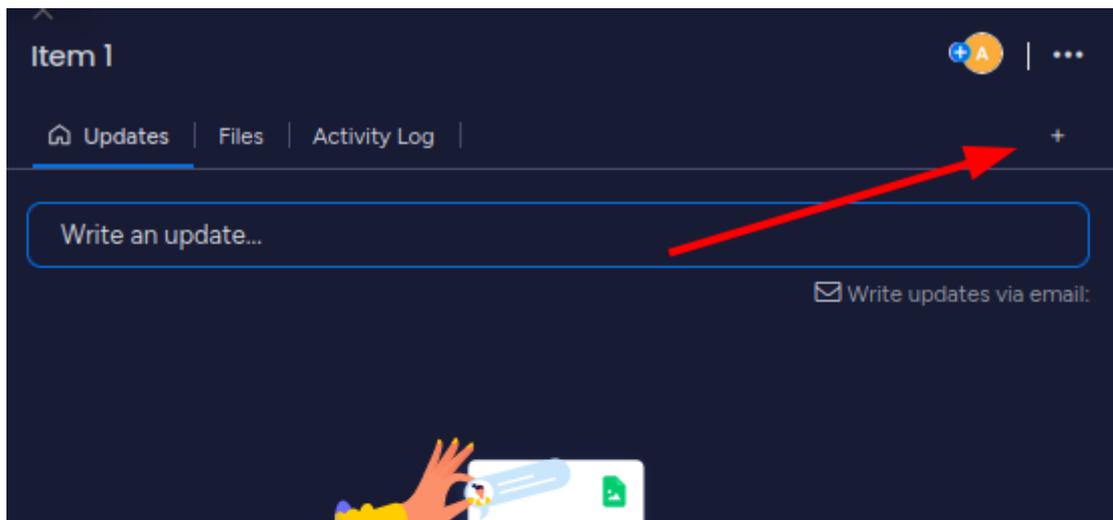

Finally, find the Google Forms integration and click "Add to item".
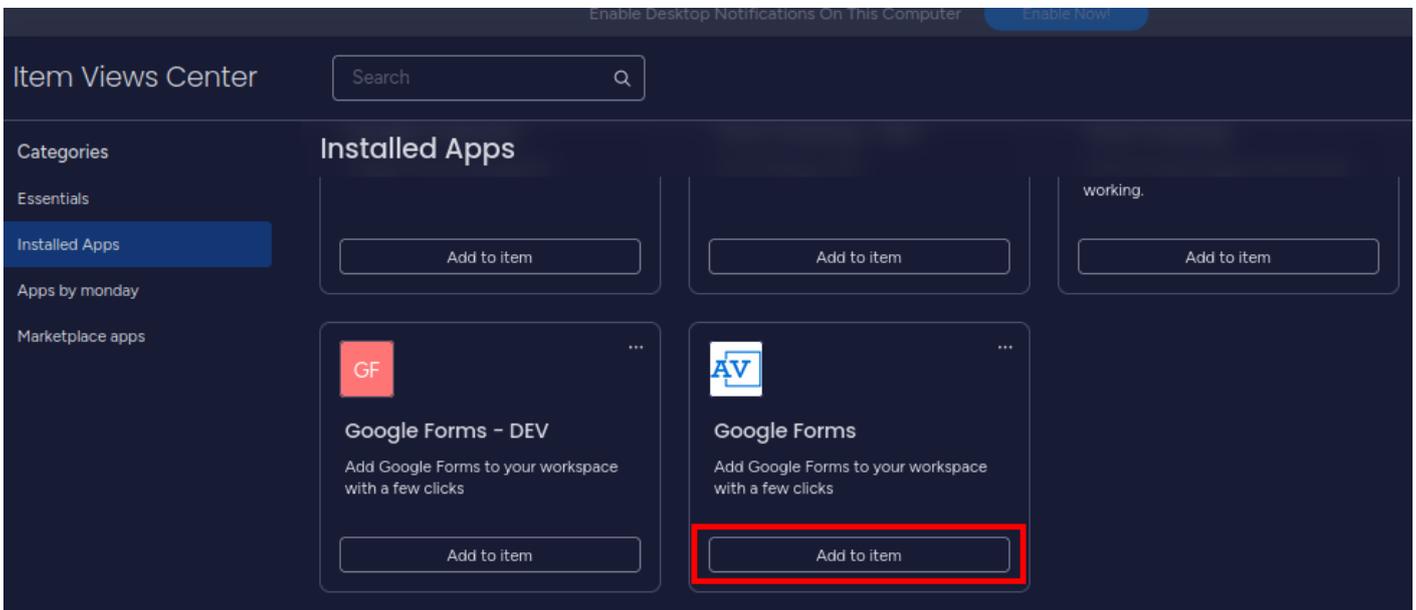

After this, enter the link to the Google Form and click on "Save".
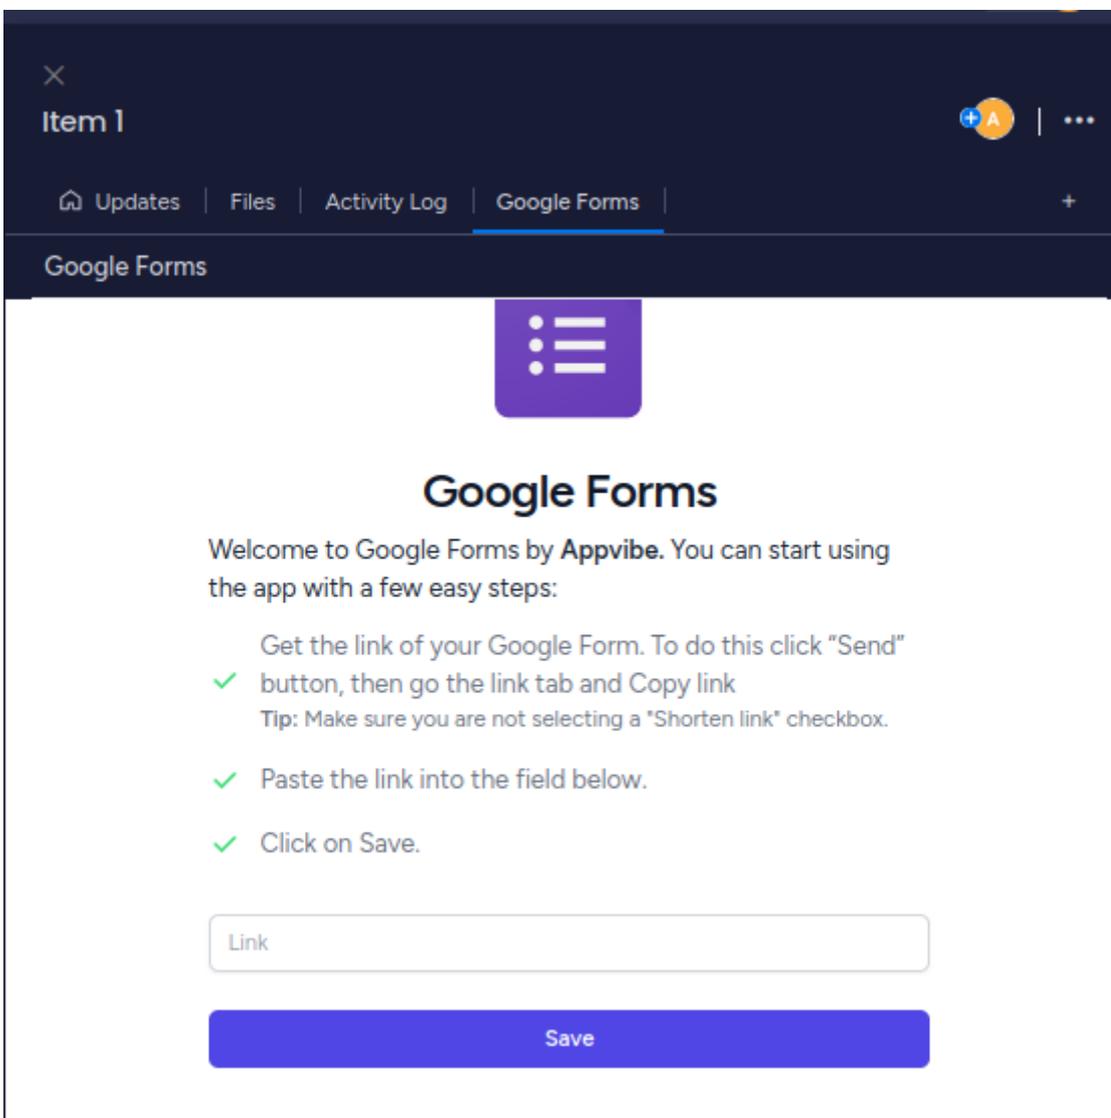

If you need any help with our app, or if you have any suggestions for us to make it better, please get in touch with our [support team](#). We will be more than happy to help.

FAQ

I'm using Firefox and I cannot log in to my Google account. What can I do?

If you are experiencing log-in issues with Firefox, for example: cannot log in via the embedded Google Form, or can't enter any data, please disable Firefox's Enchanced Tracking Protection.

For this, simply click on the shield icon next to the address bar and toggle "Enchanced Tracking Protection" OFF.
