# Installation

Maintenance Scheduler is a powerful app designed to facilitate the efficient management of scheduled tasks within Jira. Follow these steps to install and begin using Maintenance Scheduler.

## Step 1:

Log in to Jira using your credentials. Ensure that you have Admin privileges before proceeding.

## Step 2:

Open the Atlassian Marketplace. In Jira, navigate to the menu and click on **Apps** → **Explore more apps** to access the Marketplace.

## Step 3:

Search for **Appvibe Maintenance Scheduler**. Utilize the search bar to locate the app.

## Step 4:

Install the App. Click **Get app** or **Try it free**, confirm the installation, and grant the necessary permissions.

## Step 5:

After installation, go to **Manage Apps** in the Admin section to verify that Maintenance Scheduler is enabled.

Maintenance Scheduler is now ready for use. You can access it through the link under the **Apps** section in the menu on the left side of the screen. Enjoy improved task management with seamless scheduling capabilities.
