FAQ

What is the object and purpose of this app?

The purpose of the app is to schedule regular maintenance tasks, track completion, and link issues to maintenance records.

What types of feedback can the app track?

The app supports tracking maintenance type, asset, scheduled date, completion status, assigned technician, and notes. You can also add custom fields for other related fields that you wish to track.

How do I install the app?

You can install the app from the Atlassian Marketplace. Navigate to the Apps section in Jira, search for the app name "Maintenance Scheduler," click Install, and follow the prompts.

How do I get support for the app?

Support is available via our support page at https://appvibe.com/support
