Overview of Features

Key Features

- **Adding Link:** Embed direct links to Microsoft Teams channels or messages.
- **Editing Link:** Update Microsoft Teams links if conversations shift.
- **Remove Link:** Delete any Microsoft Teams links that are outdated.
- **View Link in Preview and Full Screen:** Preview Microsoft Teams messages or expand to full screen.
- **Sort Link:** Organize Microsoft Teams links by name, date, or custom.
- **Realign Links:** Reorder Microsoft Teams links within the issue as necessary.
- **View Links in List or Tile View:** Toggle between list and tile view for a better overview.
- **Manage Permissions:** Control access to Microsoft Teams links embedded in Jira.
- **View History of Changes:** Check the history of modifications for each Microsoft Teams link.

Overview of Features

Key Features

Step 1:

To view linked Microsoft Teams details in Jira, open the Jira issue containing the link.

Step 2:

Locate the link you want to access, and click the icon associated with it. This action will redirect you to the selected Microsoft Teams location, allowing you to view or edit the document as needed.

Getting Started

Installation

Step 1:

To view linked Microsoft Teams details in Jira, open the Jira issue containing the link.

Step 2:

Locate the link you want to access, and click the icon associated with it. This action will redirect you to the selected Microsoft Teams location, allowing you to view or edit the document as needed.

Working with Links

Add a Link

Step 1:

To view linked Microsoft Teams details in Jira, open the Jira issue containing the link.

Step 2:

Locate the link you want to access, and click the icon associated with it. This action will redirect you to the selected Microsoft Teams location, allowing you to view or edit the document as needed.

View a Link

Step 1:

To view linked Microsoft Teams details in Jira, open the Jira issue containing the link.

Step 2:

Locate the link you want to access, and click the icon associated with it. This action will redirect you to the selected Microsoft Teams location, allowing you to view or edit the document as needed.

Edit a Link

Step 1:

To view linked Microsoft Teams details in Jira, open the Jira issue containing the link.

Step 2:

Locate the link you want to access, and click the icon associated with it. This action will redirect you to the selected Microsoft Teams location, allowing you to view or edit the document as needed.

Delete a Link

Step 1:

To view linked Microsoft Teams details in Jira, open the Jira issue containing the link.

Step 2:

Locate the link you want to access, and click the icon associated with it. This action will redirect you to the selected Microsoft Teams location, allowing you to view or edit the document as needed.

Advanced

Advanced

View Link History

Step 1:

To view linked Microsoft Teams details in Jira, open the Jira issue containing the link.

Step 2:

Locate the link you want to access, and click the icon associated with it. This action will redirect you to the selected Microsoft Teams location, allowing you to view or edit the document as needed.

Advanced

Link Permissions

Step 1:

To view linked Microsoft Teams details in Jira, open the Jira issue containing the link.

Step 2:

Locate the link you want to access, and click the icon associated with it. This action will redirect you to the selected Microsoft Teams location, allowing you to view or edit the document as needed.

Help

FAQ

Step 1:

To view linked Microsoft Teams details in Jira, open the Jira issue containing the link.

Step 2:

Locate the link you want to access, and click the icon associated with it. This action will redirect you to the selected Microsoft Teams location, allowing you to view or edit the document as needed.

Support

Support and Contact

Step 1:

To view linked Microsoft Teams details in Jira, open the Jira issue containing the link.

Step 2:

Locate the link you want to access, and click the icon associated with it. This action will redirect you to the selected Microsoft Teams location, allowing you to view or edit the document as needed.
