View Link History

Step 1:

Access the Jira issue where you want to integrate Power BI using the Appvibe Power BI Integration app.

Step 2:

Modify a Power BI link within the Jira issue. Every change you make to the link will be automatically tracked and stored, either at the specific link level or at the Jira issue level.

Step 3:

Review the history of modifications at any time. This history is presented in a user-friendly manner that allows you to track all changes made to Power BI links within the Jira issue.

Link Permissions

Step 1:

Go to the Appvibe Power BI Integration configuration page or click "permissions" from within the link settings in a Jira issue.

Step 2:

Select the desired permissions for each user. Users can be assigned as Viewer, Editer, or Admin.

- **Viewer:** Can see the link in the Jira issue.
- **Editer:** Can add, edit, or remove links in the Jira issue.
- **Admin:** Can manage link permissions for other users.
