Link Permissions

Step 1:

Go to the Appvibe Power BI Integration configuration page or click "permissions" from within the link settings in a Jira issue.

Step 2:

Select the desired permissions for each user. Users can be assigned as Viewer, Editer, or Admin.

- **Viewer:** Can see the link in the Jira issue.
- **Editer:** Can add, edit, or remove links in the Jira issue.
- **Admin:** Can manage link permissions for other users.
