

Installation

Recruitment Pipeline is a Jira app designed to streamline your recruitment process by providing a visual overview of your hiring pipeline. Follow the steps below to install and set up Recruitment Pipeline in your Jira instance.

Step 1:

Log in to Jira with Admin privileges. This ensures you have the necessary permissions to install new applications.

Step 2:

Open the Atlassian Marketplace by clicking on Apps in the top menu, then select Explore more apps.

Step 3:

Use the search bar in the Marketplace to find **Appvibe Recruitment Pipeline**.

Step 4:

Install the App by clicking Get app or Try it free. Follow the prompts to confirm the installation and grant any required permissions.

Step 5:

After installation, navigate to Manage Apps in the Admin section to ensure Recruitment Pipeline is enabled.

Once enabled, you will find a link to Recruitment Pipeline under the Apps section in the menu on the left side of your Jira screen.

By following these steps, you will successfully integrate the Recruitment Pipeline app into your Jira environment, allowing for efficient management of your recruitment processes.
